

www.providenceacademyva.org

Privately owned passenger vehicles used to transport youth must be:

- Properly registered
- Insured
- Driven by individuals with a valid license for the type of vehicle used.

Vehicles must be used for their intended purpose and a seat belt must be provided for each passenger. Drivers are not authorized to transport more than six persons, to include the driver and any chaperone(s).

Insured vehicles must meet industry-suggested requirements of minimal coverage as indicated below:

\$300,000	Combined Single Limit
– or –	
\$100,000	Per Person – Bodily Injury
\$300,000	Per Accident
\$50,000	Property Damage

In the event of an accident, the driver’s insurance will be deemed as the primary insurance.

By my signature, I verify that:

- My automobile is properly registered.
- My automobile insurance coverage meets or exceeds the above-stated levels.
- I have supplied Providence Academy with a copy of my valid Driver’s License for the type of vehicle covered.
- I have supplied Providence Academy with a copy of my Insurance Card.
- I have supplied Providence Academy with a DMV Report dated after **July 1, 2016**, which reflects no more than one violation within the past three years. I understand that this violation may NOT be a DUI or reckless driving charge. I recognize that Providence Academy does not determine one’s driving eligibility based solely on the DMV report’s point balance.

I certify that I will contact Providence Academy promptly if there is any change to the status of my Driver’s License, Insurance, or DMV Report.
